Sport Coaching and Development – LLS (Little League Sport)

LLS have teamed up with Archbishop Tenison's CofE High School to offer the LLS BTEC Sport Coaching and Development course, which enables students to combine their passion for sport with academic study and professional preparation. LLS is the UK's leading provider of Sixth Form sports courses, delivered in more than 25 locations across England, Wales, and Northern Ireland. Students at Archbishop Tenison's will specialise in a multi-sport programme designed to develop sporting ability, coaching skills, and leadership qualities. All learners are given the opportunity to gain weekly work experience in the local community to provide inclusive multi-sports to local children.

Further information is available under the Sixth Form Subject Overviews.
