Why is that some people look at creation and it helps them to believe in God?

Why would some people disagree with this?

What does the Psalmist say about creation?

“When I consider your heavens, the work of your fingers, the moon and the stars, which you have set in place, what is man that you are mindful of him, the son of man that you care for him?”

Psalm 8:3-4

Discuss – is what the Psalmist says correct?
