

Archbishop Tenison's

CHURCH OF ENGLAND HIGH SCHOOL

Modern Foreign Languages Curriculum

- *KS3: We teach French and German to year 7 and 8. In year 9, students continue to study 2 languages out of French, German and Latin.*
- *KS4/KS5: It is compulsory for students to take a GCSE language. We run small classes of committed linguists at 6th form.*
- *If students speak another language at home, we encourage them to do a GCSE in that language, if it is available.*
- *We follow the AQA specification at GCSE and A Level.*

What's great about Modern Foreign Languages at Tenison's?

- *We believe languages are a door to many things – friendships, opportunities and an exciting new way of seeing the world – because of this we try to promote communicative language teaching, focusing on speaking and games as well as opportunities for creativity and fun!*
- *Culture is a huge part of our lessons, whether appreciating a good French film, baking in German, celebrating German Christmas traditions or doing projects in 6th form about French rappers.*
- *We are lucky in languages to have committed students who love our subject! We get especially good feedback for our cultural units in the summer term.*

Opportunities and Successes

- *We have trips abroad to France and Germany, including two language exchanges and a trip to Berlin.*
- *We run day trips to the German school in London, to the BFI in London and the Institut Français*
- *Many of our A Level students go on to study languages at university and their careers have included teaching, the foreign office, import-export and academia.*
